Principals Report- Becca Briggs

- Discussed the upcoming events of Smarter Balanced testing, cathedral field trip, concerts, graduation, Kindergarten screening, and the last day of school. May 17th will be a fun day of activities for the 6th graders, followed by Graduation Mass that night. They will not need to report on May 18th for the last half day for the rest of the classes.
- Registration numbers are increasing. With this increase in numbers some additional staff will need to be hired. Also, Mr. Smith will be combining his two technology rooms into one to make room for another classroom.
- The higher registration numbers coming in for the younger classes also brings about the conversation of space in our current facility. The current building is badly in need of a new roof and will need a new boiler within the next couple of years. A company has done an analysis of our structure and provided some beginning thoughts on renovations needed as well as ideas for an addition.
- Principal Briggs will have contracts out to the staff by Apr. 15th
- Discussed e-learning options for next year to help combat schedule changes from excessive snow days

Next meeting will be April 11th, 2023
